(guest conductor)

Event Partners

Matuku Link is 37 hectares of wetland and native bush located in West Auckland. Our volunteers tend a nursery which we use to revegetate our wetland. Groups and individuals of all ages can join our working bees, annual Open Day and special group tours.

Based in Auckland, **EcoMatters** supports the community with knowledge and tools to restore nature, grow food, reduce waste, ride and fix bikes, and live more sustainably. We also run workshops and provide opportunities for hands-on environmental action in Auckland.

Project Twin Streams is large scale environmental restoration project that works collaboratively to engage West Auckland communities around restoring the streams in their local neighbourhoods. At the heart of Project Twin Streams is an approach that puts local people at the centre of thinking and action.

Programme

Overture to an Endless Summer *Kara Williams*

Vesuvius *Frank Ticheli*
